Are you a parent or guardian of twins, triplets or higher order multiples? Do you believe that YOU should have the PRIMARY VOICE in the classroom placement of your children? Then JOIN US!!

Are you aware that many **SCHOOL DISTRICTS** and **PRINCIPALS** nationwide enforce **MANDATORY SEPARATION** of **MULTIPLES** beginning as early as Pre-K?

Did you know that **RENOWN EXPERTS** in the area of twins and twins research including Dr. Nancy Segal, Dr. John Mascazine, The International Society for Twins Studies and support groups like the National Organization of Mothers of Twins Clubs, Inc. **ALL** advocate a **FLEXIBLE CLASSROOM PLACEMENT POLICY**?
Do you believe that our **SCHOOLS** and **PRINCIPALS** should do the same?

Then **JOIN OUR CAMPAIGN** for **STATE TWIN BILL LEGISLATION!!**

Across the country, parents of twins, triplets and higher order multiples are joining together, with the help of **Senator Dennis Frederickson (Minnesota)**, to see that a **TWIN LAW** becomes a reality nationwide. This law, like Minnesota's which was sponsored by Senator Frederickson, would allow parents to have a **PRIMARY VOICE** in the classroom placement of their multiple birth children either separately or together.

Log onto our site <http://www.twinslaw.com> and sign our nationwide petitions. You do not have to be a parent of multiple birth children or even from the specific States in order to sign. You only need to **support a flexible placement policy** and a **parent's right to CHOOSE**. Sign our contact list so we can keep you updated with the latest developments. Help us end this across the board policy and demand that multiple birth children are placed in classrooms according to their **INDIVIDUAL needs** and not upon the condition of their birth. **HELP US** make **Legislative history!!!!**
